

# PATRICE FANALS

LEVEL 3 RPT PRO

## COACHING STYLE

My passion for tennis began when I started playing at the age of 6 where I competed at junior county level in France.

My coaching journey started at the age of 18 where I fell in love with the game even more.

I bring a knowledge and dedication to both juniors and adult's classes from beginners to high performance players.

I am passionate about tailoring individual sessions to improve players skills and level using my coaching experience from France and Spain.

My goal is to ensure all players enjoy every moment they have on court and fall in love with such an amazing game.

## QUALIFICATIONS
